

# HANDS in Autism® Summer Training

## Intensive Week-Long Training for School Personnel & Community Service Providers

**Seymour, IN\*:** June 6-10, 2016 Monday - Friday, 8am -5pm (community classroom setting)

**Indianapolis, IN:** July 11-15, 2016 Monday - Friday, 8am -5pm (elementary school-aged)

**Indianapolis, IN:** July 25-29, 2016 Monday - Friday, 8am -5pm (middle and high school-aged)

Join the HANDS in Autism® Team for a week-long program that focuses on providing hands-on experience and coaching in the HANDS simulated or community classroom. Students with ASD participate in both contexts, facilitating a rich learning environment for both student and adult learners. While the program includes traditional instructional methods such as lectures and discussion, the emphasis of training is on building increased knowledge and skill of the process of making appropriate academic, behavioral, and functional programming decisions for each student, classroom, and intervention team through hands-on application, modeling, practice and feedback.

*The cost of the HANDS in Autism® Intensive Training for School and Service Personnel has been reduced substantially in 2016 thanks to a number of generous partnerships! See reverse for information on current rates and group discounts!*

Registration available at :
